3250

(Sept. 1999)

Although this section's purpose is to bring CDF into compliance with laws and regulations concerning the management of hazardous repair activities, many of these laws and regulations also govern other types of hazardous materials and wastes. The Department of Health Services (DHS) headquarters, CDF Technical Services Section, or region offices can handle questions about other types of hazardous materials and wastes. DHS phone numbers are listed at the end of Section 3251. ([see section](#))
